THE 2020 UCI ROAD WORLD CHAMPIONSHIPS HAVE BEEN MADE OFFICIAL

The Union Cycliste Internationale (UCI) approved the events programme of the 2020 UCI Road World Championships Aigle-Martigny on Friday 27 March.

«The approval of the events programme is an important step and especially symbolic given the current situation, explained Alexandre Debons, co-president of the organising committee and sports manager.

The outline of the 2020 UCI Road World Championships of Aigle-Martigny has now been announced.

Our objective is to offer the best of sport as well as to protect the environment and quality of life of the local population with races finishing early. This last point is especially important for us.".
